Mrs. Grosse Honored By Red Cross Chapter

Mrs. Anna Grosse was honored by officers and directors of the Tri-City Chapter, American Red Cross, at a monthly board meeting Tuesday afternoon. She was presented with a 20-year lapel pin and a framed certificate signed by President Eisenhower, honorary chairman, and E. Roland Hartman, national chairman, recognizing her long service to the chapter.

Mrs. Grosse is retaining her duties as treasurer of the chapter and vice-chairman of its disaster committee, but is concluding her service as canteen chairman and chairman of the entertainment and supply committee, which aids hospitalized servicemen at Scott Air Force Base.

Mrs. Grosse, who resides at 2437 Benton street, has been extremely active in all phases of the Red Cross program for many years. It was pointed out by Rev. David Maxton, a board member, who presented the certificate. The pin was presented by Mrs. Ruby Overbeck, executive secretary of the chapter.

Her activities included assisting with the USO program and activities at the Granite City Engineer Depot, in addition to the disaster and canteen work and assistance at the Scott base. She also aided Mrs. Overbeck in operating the local Red Cross office for a short time following the death of the previous executive secretary.

Chairman Henry D. Karandjeff presided and noted observance of Red Cross month and the fiftieth anniversary of the first-aid and water safety programs. During this time, the prevalence of drowning among swimmers has been reduced by 60%, he reported.

The annual national convention will be held in May at Kansas City, Mo., it was announced. Junior Red Cross members reported their activities, including plans for Venice junior members to entertain and take home-made cookies to 90 servicemen at Scott Sunday, March 13.

A service report for February showed 72 contacts including 17 involving Engineer Depot personnel. There were four loans totaling \$300, information listings, 17 reports, three health-care cases, eight emergency leaves, two leave extensions, an assist with government benefits, 25 counseling cases and seven miscellaneous.

Mrs. Rosa Mahon, 56, Dies Tuesday Morning
Mrs. Rosa Lee Mahon, 56, of 2313 Missouri avenue, died of a tumor in Jewish Hospital in St. Louis at 10:30 a. m. Tuesday. She had been ill several months.

A native of Mason, Ill., Mrs. Mahon lived in Granite City 20 years. She worked four years at Logan school cafeteria here before leaving in 1938 and was a member of Cooks and Waitresses Local 98. She attended the Second Baptist Church in Granite City.

Mrs. Mahon is survived by her husband, Ellis Mahon, three sons, James Robert McGee of Freeport, Ill., Jamie Lee McGee of Kilmun, Ill., and Max Wayne Mahon of Granite City; two daughters, Mrs. Earl (Lorna) Potts of Troy and William (Rosemary) Joyce of Forest, Ill.; five brothers, Clyde, John, and R. B. Colwell of Tuscola, Ill., Fred Colwell of Ford, Ill., and Frank Colwell of Mason; six sisters, Mrs. Annie Brewer of Edgewood, Ill., Mrs. Marie Burk and Mrs. Allie Heath of Mason, Mrs. Daisy Smith of Altamont, Ill., Clara Robinson of Decatur, and Mrs. Jacqueline Turman of Midway, Calif.; and 15 grandchildren.

Services were held at 2 p. m. today in the Second Baptist Church with Rev. W. L. Smith officiating. He was assisted by Rev. William Blatt. Interment was in Sunset Hill Cemetery.

RED CROSS 20-YEAR PIN is shown being presented Tuesday to Mrs. Anna Grosse (left), treasurer and disaster committee vice-chairman of the Tri-City Chapter, American Red Cross, by Mrs. Ruby Overbeck (right), executive secretary. One of the most active Red Cross leaders for many years, Mrs. Grosse is concluding her service as canteen chairman and entertainment and supply chairman.

POOLES ANNOUNCING BIRTH OF DAUGHTER
Mr. and Mrs. Melvin Poole, former Granite Cityans, are announcing the birth of a daughter, their first child, Wednesday in Chicago. The baby, Patricia Marie, weighed seven pounds, 10 ounces. The mother, a daughter of Mrs. Marie Wilson, 2621 Circle drive, is the former Phyllis Doody.

The paternal grandparents are Mr. and Mrs. Ed Poole, 2112 Madison avenue, and a son, driven by Ralph Taylor, 16, of 2158 Cleveland blvd., were involved in an accident yesterday evening in the 2100 block of Benton street where both vehicles were traveling north. Police said there was damage to the rear of the taxicab and to the front of Taylor's car.

To lease a portion of the city block at 24th street and Madison avenue to a firm or individual who will construct a new post office building and in turn lease the premises to the U. S. Post Office Department. Under the proposal, the lease is to extend for a minimum of 20 years. The only alderman to oppose the lease-bid was Arthur Wierzer, who commented he believed the property should be retained by the city in the event additional municipal buildings would be needed.

Job's Daughters Pick Richard Love As 1960 'Beau Brummell'

The crowning of a new Beau Brummell, Richard Love, and his court, took place Tuesday evening at a dance held at the Masonic Temple by Job's Daughters, Bethel 43.

Approximately 200 members and guests witnessed the event which took place in a "Gay 90's" setting and with red and white checked table cloths covering the tables.

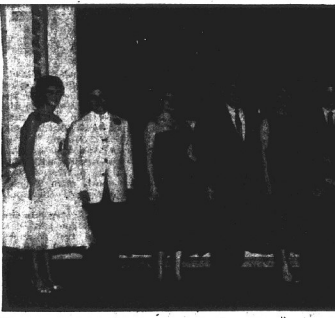

The retiring Beau Brummell, Kenny Cook, was escorted by Mrs. Carol Sabo, first attendant to DeMolay Sweetheart; the fourth attendant, John Allen, was escorted by Lana Rider; the third attendant, Forrest Wilson, by Mary Alice Christian, the 1960 Sweetheart of the DeMolays; the second attendant, Eldon Poole, by Carmen McGovern; and the first attendant, George Lipe, by Betty Champion.

After introductions and the presentation of his hat and cane to Beau Brummell, the six couples danced to a special number played for them and general dancing was resumed.

Refreshments were served by Mrs. Edith Champion, president of the Mothers' Club, assisted by all of the mothers, and the dance music for which was furnished by an orchestra on a grant from the musician union, continued. Chaperones were 25 Mothers and Dads of Job's Daughters and DeMolays.

Preceding the dance and crowning, a regular meeting of Job's Daughters was held with 75 members attending. Honored Queen Katy Merz was in charge and there were remarks by Mrs. Neil Baskette, guardian, and Dr. E. H. Thies, associate guardian of the Bethel.

The next meeting will be held Monday evening when the Grand Guardian, Mrs. Edna Prochell, and Ray Ricketts, associate guardian, of Chicago, will pay their official visit here.

Warriors Use Press, Free Throws To Stop Dupo

A pressing defense that completely rattled the tall Dupo team, plus keen free throw shooting, gave Coach Andy Sullivan's Granite City high school Warriors their second "revenge" victory in two games, a 68-52 win over Dupo last night in the first round of the East St. Louis sectional tournament.

Regional tournament conquerors of Collinsville, the "red hot" Redmen will face either Pinckneyville (25-1) or Litchfield (23-4) Friday night for the sectional title.

A standing-room-only crowd of close to 400 saw Granite City grab an early lead which increased throughout the contest,

until Dupo narrowed the gap somewhat in the last two minutes against reserves.

Offset Loss To Dupo

The Warriors had been beaten 66-62 earlier in the season by the Tigers. The Redmen last weekend made up for two conference losses to the Kahoks with a 72-65 win in the championship game of the regional meet at Collinsville.

If the state's number-one team, Pinckneyville, defeats Litchfield tonight, the stage will be set for another "turn-the-tables" triumph. The Panthers slipped the Warriors 66-

58 in the final game of the Centralia holiday tourney in December.

If Pinckneyville wins tonight, the championship game of the year will pit two teams with the same basic running-style of play. The Panthers have built up a long victory record after an early-season loss.

On the other hand, should Litchfield upset Pinckneyville, the Warriors will face a team that has conquered Collinsville this season. Litchfield turned the trick 46-44.

Although the pressing defense played a key role in last

night's smashing victory, credit should also go to the Warriors' defense against the 6'9" Dupo center, Kendall Rhine of his six field goals, only one came as a result of a feed into the post. As was the case against Collinsville's big Boogie Redman, Granite City had the center post well plugged, preventing Rhine from getting many passes.

25 Points For Tall Players

The other big Dupo player, Leroy Hogue (6-6"), also was bottled up and scored only 10 points. Rhine finished with 15. With slightly more than seven minutes left in the first quarter, Hogue tipped in a shot to give

Dupo its last lead in the game at 3 to 2. Jim Simpson, Bob Price and Frank Knight, followed with short jump shots, and the Warriors were off and running.

Rich Williams added two long jump shots which swished the nets before Dupo followed with two baskets by Rhine and one by Hogue as the quarter ended 14-10 in favor of Granite City.

Nine-Point Lead At Half

It was in the second period that the Warrior press first started bothering the Tigers, as Dupo could only score eight points while all five Granite City players chipped in points to

reach a 27-18 halftime lead. Dupo completely fell apart in the third period after the Warriors repeatedly stole the ball with their press and leaped to an 18-point lead, 44-26, with 2:34 still left in the period. Although Williams scored Granite City with nine points in the quarter, it was a team effort, with Knight, Price, and Carl Wortham all getting baskets.

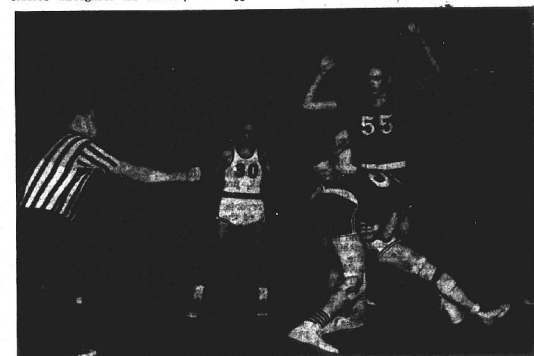

Trailing 43-33 going into the final stanza, Dupo started a brief rally as the Warriors started to stall and made a few bad passes. The closest the Tigers could get, however, was 11 points, 51-46, with 4:52 left.

Nine straight points by team all season, with 16 out of 20 attempts.

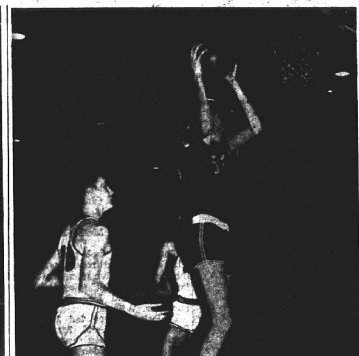

Dupo, on the other hand, could make only 12 of 26. Free throw shooting had been a weakness of the Tigers all season, and it returned to haunt them last night, just as it had hurt the Kahoks.

Williams led Granite City with 21 points on nine baskets in 17 attempts. Knight was next with 16 points, hitting on six of 17 field goal attempts.

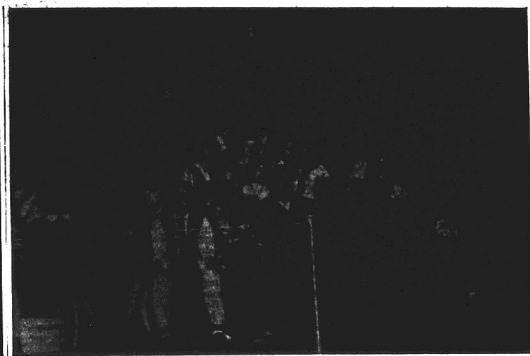

The scoring Granite City — Williams 21, Knight 16, Wortham 11, Price 10, Simpson 8, Smith 2, Dupo — Rhine 15, Hogue 12, Hogue 10, White 7, and other standard free throw shooters. Knight was next with 16 points, hitting on six of 17 field goal attempts.

JUMP BALL! Referee stops action with outstretched arm as Dupo's Doug Edwards (25) and Granite City's Bob Price struggle for possession of the nearly hidden basketball. Tigers' Kendall Rhine (55) backs away from action as Rich Williams (30) of the Warriors looks on.

THE BIRD FLIES. Kendall "Twisted Bird" Rhine, Dupo's towering 6-9 pivotman, scores a rebound as Granite City's Carl Wortham (10) moves in. The Warriors caged the "Bird" and his teammates 68-52 last night to advance to the sectional finals.

ELATED WARRIOR FANS cheer a Granite scoring play late in the GC-Dupo sectional game last night in East St. Louis. By this stage of the game, the outcome had been decided, and Warrior followers adopted a more relaxed outlook than was the case at the Collinsville regional last week.

Park All-Stars Meet Collegians In First-Round NBC Cage Tourney Game

The Granite City park district's all-star basketball squad coached by Bob Miller, will meet the Collegians of St. Louis in the first round of the National Basketball Congress amateur tourney at 3 p.m. Sunday.

The tourney, which has drawn 12 entries, will be played this weekend and next at the Tandy Recreation Center, Goodfellow blvd. and Kernerly avenue; and at the Gamble Recreation Center, Glasgow and Gamble streets. The local park all-stars will play their first round game at the Gamble gym.

A win over the Collegians would move the park all-stars into a semi-final contest with third-seeded Thummers of St. Louis at the Gamble gym Friday, March 18, at 8:30 p.m. The Thummers, one of the strongest entries in the tourney, drew a first-round bye.

Defending champion Kirksville, a team made up of members of the student body at

TOURNEY SIDELIGHTS

East St. Louis Athletic Director Pick Dehner, who has fine facilities at his disposal in the new Flyer gym, said a capacity crowd watched last night's game. The gym seats 3900 persons, and Dehner attributed the knot of people who stood at both ends of the court and on a balcony to the fact that some in the audience left their coats in reserved seats and moved to better vantage points.

Dupo Coach Paul Taylor, counseling his Tigers in the dressing room after their 18-game winning streak had been broken by Granite City, took the loss philosophically. "You can't cry about this one," he said. "We played a poor ball game and lost. We could cry, I guess, if we had played well and lost."

The East St. Louis scoreboards are about as detailed as any in operation in high schools or colleges in this area. Requiring a full crew to operate, the board not only denotes players on the floor, their numbers and fouls, but also provides fans with a running total of points scored by each player.

"We've practiced free throws until the boys have gone stale on them," Taylor said after the game. Dupo averaged just .555 from the stripe this season, and the Tigers hit only 46% last night at the line.

Biggest surprise, both to Taylor and the many disinterested fans in the stands, was the whopping rebound advantage

Madison to Washington avenues; Tenth street, Iowa street to State; Seventh street, State to Alton avenue; and Sixth street, State to McCambridge. The bids were opened at 2 p.m. Tuesday at the city hall, and were voted on at the regular council meeting that night.

In other business, the city council passed an ordinance, three resolutions and a citation. The council voted to sell a 11.92-acre tract near the Mississippi River about 500 feet south of the Chain of Rocks Bridge, and to lease two other tracts of 3.81 and 3.75 acres to the federal government.

The government offered to pay Madison \$3800 for the land which it needs for Dam 27, a low-water dam being built across the river.

"It is a very good price," Maers said. "We have no use for that river land, anyway." The city obtained a large amount of land along the riverfront when it purchased the bridge. "Whenever there is a fair offer, the city usually accepts sale of land not immediately adjoining the bridge," Maers said.

Approve Oil Pipeline
One of three resolutions passed by the council, Madison approved a Shell Oil Co. request to run a six-inch pipeline through a corner of the city, provided the company takes precautions not to get in the way of the storm drainage work. The oil company pipeline, from Wood River to St. Louis, would cross the Mississippi River on the Merchants Bridge.

The city council also passed resolutions congratulating Alton and East St. Louis for their "All-American City" awards. Third Ward Alderman Ray Kozielek remarked, "Being around Madison really has a good effect. Last year it was Granite City and now East St. Louis and Alton. I guess our good government has inspired others."

The council cited Robert Brooks, Missouri highway consultant for the Chain of Rocks Bridge, for his recent award as being one of Washington University's most distinguished graduates. Brooks was graduated from the St. Louis school in 1910.

Bills totaling \$21,544 were approved by the council, including \$7884 bridge bills, which were not itemized.

area cleared of snow, the boy was helped down and entered the school.

Sliding, skidding vehicles blocked traffic on many thoroughfares, but cooperation of trapped motorists and pedestrians usually resulted in the stalled auto being pushed clear.

A traffic delay developed on the McKinley Bridge in the morning when several trucks failed to climb the Venise approach and became stalled. Venise police directed traffic and were able to open two of the four lanes, enabling two-way traffic to proceed.

While traffic crawled at a snail's pace, street crews with graders, highlifts and trucks cleared main thoroughfares.

Since Monday, the area accounted for 16 traffic accidents in which two injuries were reported. Most of the accidents were caused by the snow and ice, police said.

Man Cleaning Pistol Wounded Accidently

Stephen Asperger, 35, of 2521 East 24th street, was accidentally shot in his left shoulder as he was cleaning a .22 caliber pistol at 6 p.m. Wednesday.

According to his wife, the family had kept the gun in the house for protection against prowlers. The accident occurred when apparently the safety catch slipped and the gun went off. He was taken to St. Elizabeth Hospital and admitted but his condition is good today, Mrs. Asperger said. He formerly was employed as a chauffeur.

Questioning On Robbery

Venise police plan to question suspects in a \$1000 St. Louis market robbery Tuesday to determine if they were responsible for an armed robbery at the New Way grocery in Venise this year. It was announced today. Descriptions given of the two bandit trios were close enough to warrant the questioning, police said.

Owners of the parked cars were listed as Mrs. Rose Lisac, 3010s Madison avenue, and Larry White, 3006 Madison avenue.

Car Skids Across Road And Knocks Fence Down

A 50-foot section of fence was knocked down yesterday evening at the home of Robert Clark, 1344 Edwardsville road, when it was struck by an auto which had skidded out of control. No injuries were listed in the crash. Granite City police said the auto was being driven south on Edwardsville road by Robert E. Melin, 24, of East St. Louis, who was attempting to stop for a car which had slowed down in front of him. As he applied his brakes, his car skidded out of control, across the four-lane roadway and through the fence.

Exposure Ruled As Cause Of Chicago Man's Death

Death of a Chicago fugitive, John T. Bailey, 48, who was found dead on a freight train open flat car in Mitchell railroad yards Feb. 27, was caused by shock and exposure, a coroner's jury ruled Tuesday night. The inquest was conducted by Deputy Coroner Henry Pieper. From papers on his body it was learned Bailey was from Chicago and police there was notified. They told local police that the dead man was wanted in connection with the slaying of his wife at 6 p.m. the day before Bailey was found.

Mrs. Roberta Lewis was complimented with a stork shower given Monday night at 3314 Johnson street by Mrs. Peggy Bargiel and Darlene Lewis. The decorations were in pink and white and a decorated baby basinet held the gifts.

Games were played and prizes were awarded. A dessert luncheon was served to Mesdames Dean Burcham, Barbara Harris, Viola Hoffman, Frieda Young, Ethel Getteman, Elveta Indermark, Edith Smith, Sophia Woodworth, Lorene Modlin, Ethel Lorentz, Nancy Barnhart, Wanda Reed and Mary Ellen Lewis and Misses Norma Edwards and Jean Buckingham.

Boy Scout Troop 23 met

Tuesday night at the first trail with Scoutmaster Howard Cant. The boys discussed selling scout fair tickets. Flannery Robert Anderson and Jacob Getteman are teaching them firemanship.

Four members were registered. They are Glenn Ashoff, Jerry Busby, Donald Dayton and Perry Dayton. Other present were Joe Bailey, Skipper Dean, Dale Werner, Willard Hicks, Richard Clark, David Blackburn, Leslie Hall, Lloyd Miller, Mike Abernathy, Arthur Cant, John Cramer, Charles Pooley and Eddie Jacobs.

Den Four of Cub Pack 23 met Monday evening with Mrs. Evelyn Bringer, 4051 Lake drive, who was assisted by Mrs. Ruth Norton. The pledge was given by Roger Becker, and the boys did handwork, played games, sang, collected money for scout fair tickets, and closed with a "living circle." Refreshments were served to Daniel Hill, Larry Harvey, Gary McDonald, Dennis Bringer, Herb Williams, David Dayton, Michael Norton and Roger Becker.

Brownie Troop 31 met Tuesday evening with Mrs. Florence Deatherage. The girls practiced a flag ceremony and a play for the March PTA meeting and discussed the cookie sale. Those present were Janice Deatherage, Stephanie Deatherage, Dorothy Belgeri, Linda Hamilton, Karen Deatherage, Becky Blackburn, Margaret Wilkerson, Betty Handfield and Cheryl Flek.

PLAN "BROTHERS' NIGHT"

Mrs. Ruby Wood, noble grand of Delroy Rebekah Lodge 786, conducted a short business meeting Tuesday evening at the Odd Fellows hall in Madison, with 16 members present.

"Brothers' night" will be observed at the next meeting, which will be March 22. Birthdays of members of the lodge for January, February and March will be observed at this time.

BIRTHDAY DINNER

Mrs. and Mr. Arthur Achers, 2510 Madison avenue, entertained with a birthday dinner Sunday evening at George Stagg's. A large decorated birthday cake centered the table.

Those present were Mrs. and Mrs. Henry Prince and sons, Bobby and Kenny, Ben Williams, Mrs. Bertha Hall, Gene Stagg and Mrs. and Mrs. Clarence Hirsch. The honoree received many gifts.

Den One of Cub Pack 23 met

Monday evening with Mrs. Benah Krause, 25 Kaseberg lane. The boys said the pledge and Cub scout promises, made wallets and comb and pen and pencil holders, out of leather, sang, played games and answered roll call with names of cities in Illinois. Refreshments were served to Danny Krause, Danny James, Alan Thompson, Gary Sneed, Robert Zaruba and Bobby Norton.

CANASTA CLUB MEETS

The Canasta club met Tuesday evening at the home of Mrs. Martin Anderson, 4015 Division street. Prizes went to Mrs. Evelyn Smith and Mrs. Martha Anderson. Others present were Mrs. Olive Conaway and Mrs. Junita Stence. Refreshments were served by the hostess. The club will meet in two weeks at the home of Mrs. Conaway.

Den Three of Cub Pack 23 met

Tuesday evening with Mrs. Betty Walker of Rural Route One. The boys said the pledge, sang, displayed a den flag, made miniature Illinois state flags and told about the town of Cahokia. Refreshments were served to Leonard Walker, John Belke, Gregory Walker and Bobby Bunselmeyer.

Carl Heaton, 4121 Bruene avenue, entered St. Elizabeth Hospital Sunday night and is undergoing treatment.

Den Six of Cub Pack 23 met

Tuesday evening with Mrs. Ethel Getteman, 4032 Garden lane. The boys made a map of Illinois out of four rubber and marked the cities and rivers. They sang a song that Alan Getteman wrote toward his lion elective.

Alan Getteman reported he sold 10 tickets to the scout fair, entitling him to a neckerchief slide. A cake with the Webelos insignia and Mike Karlechik's name was served to Alan Getteman, Alfred Miller, Floyd Ridgeway Jr. and Michael Karlechik.

Otto Kreher, 3809 Lake street,

entered St. Elizabeth Hospital Monday for treatment.

Undergo Surgery

Walter Barger, 2119 Reynolds street, Madison, and Clement Hoedebeck, 2133 Waterman avenue, are recovering at St. Elizabeth Hospital from surgery which they underwent since Monday.

GC Anti-Smut Law Approved With One-Word Amendment

With a one-word amendment, the anti-obscene literature ordinance which has been before the Granite City council since mid-February was adopted Monday night, but enforcement of the new law was sharply questioned.

City Atty. William Beatty said the ultimate decision on obscenity would be up to the courts, and that complaints could be sworn out by police, city officials or individuals.

The amendment added the word "knowingly" in the first section of the new ordinance. "That it shall be unlawful for any person knowingly to sell, lend, give away or show or have in his possession with intent to sell or give away or to show or advertise or otherwise offer for loan, gift or distribution, to any minor child, any book, pamphlet, magazine, newspaper, story paper, or printed paper devoted to the publication or principally made up of criminal news, police reports or accounts of criminal deeds or pictures and stories of deeds of bloodshed, lust, crime, or any book, pamphlet, paper, drawing, lithograph, or picture which portrays depravity, criminality, unchastity or which is indecent or obscene."

The penalty for violation of the ordinance calls for fines of \$5 to \$200 for each offense. Alderman Samuel Shuckelbaker asked if there was a system to investigate suspected obscene materials or if a board of censors was to be formed. He said it would be unlikely for a dealer to read every book that would

arrive at his shop. Beatty explained that was why the word "knowingly" was inserted in the ordinance.

Chairman of the Police Committee, Alderman Cammer Shuckelbaker, pointed out it would be impossible for police or the city inspector to go around to each store and inspect the book racks. "We have had enough men of time, and if we did do it, we'd have to put on more people."

Alderman Estill Von Schmitt posed the question, "Where will you draw the line?" City Atty. Beatty replied the ultimate decision would be up to the courts. He explained the ordinance is "more broad" than the one which had been on record. He said it also covers distributors, with the section—"It shall be unlawful for any person, firm or corporation or any agent, officer or employee thereof, to be engaged in the business of distributing books, magazines, periodicals, comic books or other publications to retail dealers to be used to furnish to any retail dealer, such quality of books, magazines, periodicals, comic books or other publications as are obscene, lust, lascivious, filthy or indecent."

When questioned about such materials being sent through the mails, Beatty replied that the ordinance was the first step in curbing obscenity and that possibly other measures would have to be taken.

Household Accidents Cause Several Injuries

Household falls caused several injuries requiring emergency care at St. Elizabeth Hospital on Tuesday.

Mrs. Shirley Bradley, 23, of 1305 Kirkpatrick Homes, fell off a porch and suffered a possible fractured right ankle. She was referred to her family doctor. Mrs. Edna Sumnerford, 38, of 1625 Sycamore avenue, fell down basement steps and suffered a cut over an eyebrow. Diana Blatter, 12, daughter of Mr. and Mrs. Mathew Blatter, 1208 Grand avenue, fell on a rock cutting the palm of her left hand. Both had wounds sutured. Slightly injured was Mrs. Louise Evans, 26, of 1513 Collinsville avenue, who fell in her back yard. She was examined and released.

Diana Worthen, 11, daughter of Mr. and Mrs. James Worthen, 3224 Aubrey street, and Arthur Ratkovic, 8, son of Mr. and Mrs. Anthony Ratkovic, 2008 Fifth street, also were treated in the hospital emergency room Tuesday. Diana cut her left little finger at school and had it examined, and Arthur had a small object removed from his right eye.

GC'S Students Take Scholarship Exams

Preliminary merit scholarship examinations were given to 116 top juniors and low seniors at Granite City high school Tuesday. The tests taken here were among about 10,000 such examinations given in high schools across the country. Students who qualify under the requirements of the examinations are to be tested again next fall. Results of the second tests, together with supplemental information concerning students' non-scholastic activities are sent to the merit scholarship corporation where final determination of scholarship awards is made.

The corporation is made up of some 90 businesses and indus-

tries who award both honorary and monetary college scholarships each year, based on student's voluntary basis at a cost of \$1.

**Does up-to-date
wiring increase the value
of your home?**

Yes! ... says your real estate agent
Whether they're interested in a new home or an older home, couples today expect modern electrical convenience. That means plenty of outlets, heavy-duty circuits for major appliances and enough general-purpose circuits to keep fuses from blowing. A home that is up-to-date electrically is easier to sell and worth more to the buyer.

Yes! ... says your banker or savings & loan officer
We regard modern wiring as one of the best basic improvements a homeowner can make. We regularly make two-year home improvement loans to finance home wiring modernization. We know from experience that modern wiring pays dividends in better family living as well as in upgrading home value.

Yes! ... says your electrical contractor
Most families today have a big investment in modern appliances. But many homeowners fail to realize that you can't get full performance from a TV set, refrigerator, vacuum cleaner or even a toaster if the wiring in the home is inadequate. Modern wiring provides plenty of electrical capacity for all of today's appliances and tomorrow's, too. We're always glad to give free estimates and make suggestions.

Wiring Problems?

ILLINOIS POWER COMPANY

Your home—whatever its age—can be modern electrically. There's no need to put off your home wiring modernization. The cost is reasonable ... and payments can be budgeted to suit your needs. Why not ask your electrical contractor now for his recommendations, on better living—electrically—with modern wiring. Good investment? You bet!

Granite City's General Fund Balance Down To \$26,206

Receipt of 1958 taxes amounting to \$70,000 failed to bolster Granite City's financial status as February disbursements from general and special accounts totaled \$103,857, including \$83,814 from the general fund accounts and \$20,043 from the special accounts.

The Feb. 29 financial report submitted to the council Monday night showed a slim balance of \$26,206 in the general fund accounts, with two months remaining in the current fiscal year. A final settlement of 1958 taxes is expected to amount to \$75,000 to \$80,000. In 10 months operation, the city's monthly expenses have average \$104,402.

The February report showed nine of the 13 general fund accounts with deficits, an increase of one over the January report. Joining the others was the fire department account which was

\$7795 in the red on Feb. 29. Alderman Paul Rutledge, chairman of the Finance Committee, pointed to the number of general fund accounts and said fund transfers will be needed.

"However, I think we will end up OK this year," he added. The chairman urged department heads and council committees to meet frequently to outline next year's city budget "so we won't have to adopt it at the last minute again."

The city has two special accounts with sufficient balances to cover the general accounts with deficits. There is the parking meter account with a \$53,262 balance and the sales tax account with a balance of \$191,836.

A breakdown of general fund accounts with deficits showing 10-month disbursement totals and the Feb. 29 deficits follows:

Fire department, \$546,935 and

\$27,759 and a \$2996 deficit; civil defense, \$6664 expenditures and \$19,515; pumping station, \$2073 and \$25; general government, \$83,371 and \$6180; city hall, \$34,618 and \$8256; police department, \$179,339 and \$34,497; inspection department, \$13,462 and \$7063; sanitation department, \$119,510 and \$4079; and interest and judgment, \$15,434 and \$4844.

A similar breakdown of other general fund accounts showing disbursements and Feb. 29 balances in that order, follows:

Water, \$11,589 and \$16,424; street lighting, \$8335 and \$31,750; election, \$323 and \$3906; dog catching, \$6212 and \$7153; contingent, \$11,367 and \$5; excess commissions, \$13,429 and \$61,421.

Three of the special fund accounts showed deficits on Feb. 29. They were—municipal firemen with disbursements of \$27,759 and a \$2996 deficit; civil

defense, \$6664 expenditures and \$19,515; pumping station, \$2073 and \$25; general government, \$83,371 and \$6180; city hall, \$34,618 and \$8256; police department, \$179,339 and \$34,497; inspection department, \$13,462 and \$7063; sanitation department, \$119,510 and \$4079; and interest and judgment, \$15,434 and \$4844.

Finance, Schedule Meeting Set By Venice School Board

A motion to set aside all other business at its next regular meeting in order "to talk finance, salaries and schedules" was approved by members of the Venice school board Monday night during a meeting in the offices of Supt. John O. Pier.

The motion was made by Board Member Thomas Foley after a tentative schedule of classes at Venice high school for 1960-61, which included the addition of two teachers, was introduced by Pier.

Pier said the tentative schedule for Lincoln high school and both Venice and Lincoln grade schools have not yet been drawn up, but will be ready when the board next meets on March 21.

Lincoln Schedule
"The Lincoln high school schedule is to be the same as that for Venice high school as far as subjects offered are concerned," Pier told the board, but added that the school will call for the addition of any teachers there.

The point was questioned by Foley, who noted that projected enrollment estimates showed only 18 less students at Lincoln high next year than are planned at Venice high.

Pier told the board, "I do not see a larger enrollment over the next few years in the system." He said he based the statement on current enrollment figures in grade school as compared to the number of students who will enter from kindergarten and those who will graduate from high schools in the district. "We are losing about the same number of students as we will be getting," he said.

February Attendance Down
The superintendent's monthly attendance report showed a total enrollment in February of 889 students. Average daily attendance was 774 students, or 86.9% of the current plan of 890.

Pier said extreme weather conditions could be blamed. He also submitted a report to the board on the drop in enrollment since school began last August. Lincoln high school showed the smallest decrease, from 109 students to 104 at the present time. Lincoln grade school was second, with the opening day enrollment of 321, and a current enrollment of 312.

Venice high school had 154 students enrolled on the first day of school and now has 134, the superintendent said. Venice grade school showed the largest drop in enrollment, from 382 in August of last year to 345 currently.

Student Teacher
The board approved placement of a student teacher from Southern Illinois University in the Venice high school speech and English departments for the remainder of the spring semester. Pier attended a guidance in-

struction program in Edwardsville Tuesday in connection with the National Defense Education Act.

A recommendation to improve lighting facilities for the music room at Venice high school was accepted, with the improvements to be accomplished during the summer months.

The board's building committee is to contact the contractor removing streetcar tracks from Broadway in front of the school as to the location of school crossing signal wires. The district also will establish the location of any gas mains or water lines under Broadway that serve the school.

Special Police
Pier said the repairs on Broadway, during which traffic has been routed over Seventh street, have created problems at the schools due to the weather. He said special policemen have been hired to assist student patrolmen with traffic during the times students are on the street and from school.

Bills approved for payment at Monday's meeting included \$16,902 in the educational fund; \$255 transportation, \$424 building and \$1649 school lunch, of which \$833 was for the Venice cafeteria, and \$816 for the Lincoln cafeteria. The total was \$19,130.

The treasurer's report showed a balance of \$516 in the revolving fund, and \$1832 in the activity fund.

Sewer Fund Reports
Financial reports for seven special funds maintained by the city for the Nameoki area sanitary sewer system were presented to the Granite City council Monday night by Comptroller John Doehner and were referred to the city clerk's office for public display.

A breakdown of the reports dated Feb. 28, followed with receipts, disbursements and balances listed in that order:

Nameoki area construction fund—\$1,419,054, \$1,403,149 and \$15,905.

Area No. 2 construction fund—\$403,373, \$392,824 and \$10,549.

Special sewer construction fund—\$78,725, \$69,105 and \$9,620.

Sewer extension fund—\$45,513, \$14,844 and \$30,669.

Nameoki area sewerage fund—\$465,772, \$296,083 and \$169,689.

Area No. 2 sewerage fund—\$101,895, \$46,293 and \$55,602.

Nameoki area sewers reserve fund—\$46,827, none and \$46,827.

Two Youngsters Suffer Fractures While Playing

Two Quad-City youngsters suffered fractures in mishaps while participating in sport activities and were treated at St. Elizabeth Hospital on Monday.

Debbie Gromer, 9, daughter of Mr. and Mrs. James Gromer, 2625 Nameoki road, fell while roller skating and fractured her left arm. Andy Morris, 13, son of Mr. and Mrs. Darrell Morris, 2030 Fifth street, fractured his right hand while playing volleyball in a physical education class at Madison Junior high school.

Both youngsters had casts applied, and the girl was admitted to the hospital for observation.

Three New Street Lights To Be Installed In GC

A resolution calling for installation of three new street lights was approved Monday night by Granite City council members.

The lights are to be located at 2440 Cleveland Blvd., 2441 St. Clair avenue and 2925 State street.

McKinley Traffic Since Purchase Nears 5,000,000

Traffic over the McKinley Bridge since it was purchased by the city of Venice Nov. 21, 1958 should pass the 5,000,000 mark in mid-March, a report on vehicular crossings indicated today.

With the crossings averaging better than 300,000 a month, the traffic total under city operation of the Mississippi River span had reached 4,997,511 through Feb. 29. Traffic dropped slightly early this month due to adverse weather but later returned, to the normal level.

The February figure of 305,905 represented an average of 10,548 vehicles daily. Tabulations were 75,706 during the week of Feb. 1-7, 76,026 the week of Feb. 8-14, 75,192 on Feb. 15-21, 67,290 on Feb. 22-28 and 11,291 on Leap Year Day, the final day of the month.

February's total of 305,905 compares with 294,824 during the 28-day month of February 1959. The latest average of 10,548 is higher than the February 1959 mark of 10,172.

While the council expressed no opinion of such a testing machine, Alderman Estil Von Schmitt said he believed it would be of considerable use in presenting cases of driving while under the influence of liquor in court.

Schmitt said he had recently been in the police magistrate's court when three DWI cases were tried, and that police officers are ridiculed and undergo hardships during the trials. "The machines would save hardship not only for the officers making such arrests, but also could help individuals facing such charges," the alderman said.

Study of DWI Machine Still Underway By GC

Further study of the operation of a chemical testing machine for intoxication is to be made before a recommendation will be presented to the city, Alderman Casner Shulish, chairman of the Police Committee, told council members Monday night.

The alderman said his committee plans to request information from cities where such machines are used as well as conferring with officials of Madison and Venice and the Granite City police department and City Atty. William Bentley.

Shulish outlined for the council demonstration of a "Breathalyzer" machine given Feb. 29 for the committee and police officers.

384 YEARS of GROCERY Experience SERVING YOU!

This is Tri-City Groc. Co. Manager's Week! Each one of our grocery department managers is firm in his belief that true friends are revealed best by their actions. Almost all of our managers started with us years ago, working after school and on Saturdays. They learned early what we expect of our managers . . . to treat everyone courteously, to answer your questions to the best of their ability, to keep their

stores clean and attractive, and to carefully train younger men and women, as they start a food retailing career. So, we offer you 384 years of grocery management. Today, supermarketing offers the ambitious young man, or woman, a wonderful, exciting future. In our office, we are planning new stores for the coming years with many new features. If you've never shopped in one of our stores, why not start this week?

MARVIN LUCKERT: began 1934 . . . he is now Mgr., Lohel Village, East St. Louis; Marvin is a sports car enthusiast and spends as much time as possible tinkering with his Corvette.

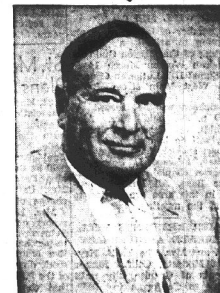

BILL CRESS: began 1938 . . . he is now Mgr., Montclair Shopping Center, Edwardsville; Bill really likes his bowling and he also likes to go fishing.

EVERETT HELD: began 1946 . . . he is now Mgr., North Alton store; Everett likes sports very much — his favorite being golf.

JIM FOSTER: began 1947 . . . he is now Mgr., Collinsville; Jim, like Walter Witte, has taken a keen interest in flying and is working toward his license.

ROY SHILLATO: began 1914 . . . he is now the secretary of Tri-City Groc. Co. and the head of retail store operations; Roy just completed a course in TV and radio and now spends his spare time tinkering with them in his basement.

JAKE MUEHLEMAN: began 1928 . . . he is now a grocery department supervisor; Jake is what we term a "GOLF ADDICT", he's also pretty good at horseshoes.

WALLY GAUHEN: began 1947; he is now a grocery department supervisor; Wally like many others today is a "DO-IT-YOURSELFER" and loves to work around and on his house.

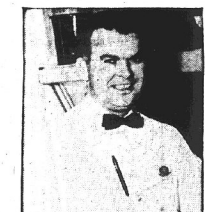

Help Your Tri-City Groc. Co. Manager WIN!

A Complete New Spring OUTFIT . . .

Americans always like a contest . . . like to engage in some kind of competition, so for the next two weeks, we've arranged a for the next two weeks, we've arranged a simple **MANAGERS' CONTEST**. Here are the simple rules: for this week and next week, based on sales in our grocery departments, the top winning stores will be those 3 which have been able to obtain highest increases in sales, by percentage, over the same period of that store 1959. As first prize, the manager of that store will select a complete New Spring Outfit, from hat to shoes, at a store in his city. Your favorite Tri-City Groc. Co. grocery manager will appreciate your support.

2nd & 3rd PRIZES!

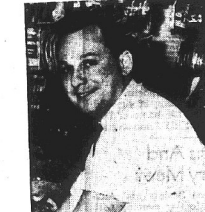

The second and third prizes will be the ever-popular Transistor Radios which our two lucky managers can take on trips or play at home.

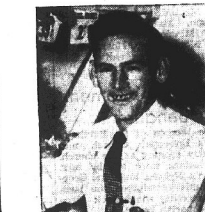

GENE GOATLEY: began 1950 . . . he is now Mgr., Wood River; Gene likes to go water skiing and fishing around Grafton.

CHARLIE SHIVE: began 1952 . . . he is now Mgr., Belle Street, Alton; Charlie's main hobbies are boating, water skiing, and hunting.

RAY FRESHOUR: began 1951 . . . he is now Mgr., Milton Road, Alton; Ray just bought himself a boat — Now he can really give the Coast Guard a rough time.

ASKS SUPPORT OF NEW LEVEE BOARD STATE

The Editor:

As a Granite City citizen and a member of the citizens committee for a better Levee Board, I hope that you will print this letter in The Forum. We want to go on record as asking other citizens of this area to join us in our efforts to get rid of the present members of the ricket-levee Levee Board.

The only way to do this is to get out and vote in the Democratic Primary, because in this area — let's face it — whoever the Democratic nominee is will get the election. In the Primary is where the big battle is being fought.

The reform slate of F. H. Hennessy, Kertin, McGee and Szwedzky — the first five names on the ballots — are pledged to give the Levee District a representative board of trustees. This means a board that is sympathetic and responsive to the needs of the public — without loading the staff with political hand-me-downs.

Tax money supports the levee. Right now, much of it is poured down a rat hole. It goes to pay the wages of "inspectors" who don't inspect — but who happen to be friends or relatives of Board members. And it goes to grease the political wheels that have kept these men in power for so long.

It's like a perpetual motion machine. The longer they are in office, the more power they have, and the more they can spend to KEEP themselves in office.

The reform slate is making the first real effort to rid our area of this corrupt board. The help of all Tri-Cities is needed if the reform slate is to win. We have a powerful political machine to fight — and no money to do it with. But we don't need money. All we need is VOTES.

WERNER B. DORN, Democratic Precinct Committee, Precinct 15, 2406 Grand Ave., Granite City, Ill.

PRESIDENT OF E. ST. LOUIS C. OF C. TAKES A. P. KAUFMANN TO TASK

Editor:

Mr. Aloys P. Kaufmann, President of the St. Louis Metropolitan Chamber of Commerce, speaking before the American Society of Tool Engineers, stated that Columbia Bottoms is the only tract of land in the entire metropolitan area which can be classified as first rate industrial land. This, as he states, is the conclusion of the so-called Metropolitan St. Louis Chamber of Commerce, based on their own independent survey.

To Illinoisans, and even to a lot of his own members, his statements are so ridiculous that it hardly seems necessary to answer them. However, area development hangs in the balance and certainly your newspaper and the people living in this metropolitan area deserve the

facts. The facts were pretty well laid out in the Arthur Little report, but it seems that the so-called Metropolitan Chamber of Commerce has decided that since they can't find any experts who agree with them, they will write their own report.

It is rather obvious to a lot of people in Illinois, and also obvious to a lot of people in Missouri, that Mr. Kaufmann is still trying to make himself look good on the Columbia Bottoms deal — a deal that was made when he was mayor. Many people in Illinois and Missouri commonly refer to Columbia Bottoms as "Kaufmann's Folly."

The fact is that there are thousands of acres of good, first rate industrial land in this area. America Valley of Illinois. A lot of it with full riparian rights on our water transportation system, all protected with a 52 foot levee. In most cases served by their own main, electrically heated, and at prices much more competitive than Columbia Bottoms ever will be. We invite Mr. Kaufmann to investigate these facts if he wants to continue to represent himself as an expert on the metropolitan area.

We are not opposed to St. Louis or to the Columbia Bottoms — as a matter of fact, they should — but we are getting sick and tired of their attitude and their actions. Mr. Kaufmann is grossly misrepresenting this area.

We are ready now to meet the land requirements of any size industry now ready to be located in land or facilities. Call Mr. Kaufmann say the same for Columbia Bottoms and you will not. Columbia Bottoms is at least 10 years or longer from selling the first acre. They have a lobby in Washington for millions of dollars for levees, extend rail and highways for miles upon miles, provide sewers, water mains, electricity, etc. Does Mr. Kaufmann and his experts prefer to let industry pass up this metropolitan area during the 60's by refusing to admit that good, first rate, high quality industrial sites are available in Illinois?

Sincerely yours, KENNETH J. JOHNSON, President.

SEEMS SPOONERS FOR CITY BASEBALL TEAMS

Editor, The Forum

Dear Sir:

I have been playing in the city league since 1910 and have managed the team for the last 2 1/2 years. To me there are more boys coming up with major league ability now compared to then.

This one fact that most people do not realize is that I have watched & very often helped boys with high school boys. But I have yet to see one of these boys from the Tri-Cities High schools sign a minor or

major league contract through playing High School Ball. They are in this real expert and are contacted in the Southwestern Inter-City League.

My team has an average of around 19 years old. I have several players that are 15 and 16 years old. These boys have very good quality. My boys are from the Tri-Cities, mostly boys from Madison and York. This team to me is one of the best that Madison or Venice has seen in many a year.

I am very deeply hurt that after building a team of this quality it has to be dropped due to lack of backing from either city.

Yes, I did spend several hundred dollars of my own money & some several hundred more. I have no regrets of the money spent which a working man can't afford but as long as one gets his break from it, I have no regrets.

It is just a shame that Madison & York have both Bridges & spend an awful lot of money to advertise them could use themselves clear to what I call the best way to advertise to back this team.

We play in 20 cities on this side of the river & even go on the other side to play exhibition games. We have articles in the Press-Record every Mon. & Thurs. & are named in every city paper where we play.

Wake up Mayors, you are letting your boys down that have the ability & have a chance to show it to get in the Major Leagues.

Dick Portell

PLEASED WITH STREET CREW'S KNOW REMOVAL

Dear Editor:

I write this letter to give credit where credit is due. I remember when (and just a few years ago) a mowful of four inches or more would have paralyzed this community and did.

If we would have had this recent saving of snow during those years, many of the people living in Granite City would have lost two or more days of work. I was chased to wake up and find that the streets had been cindered and made passable. I was playing with my crew, DAN CHURVICH, 2832 Edwards St., Granite City.

SUGGESTS HELPING HAND FOR CITY COUNCIL

Granite City Press-Record

Dear Mr. Editor:

If you think this letter merits space in the Forum of your paper please print.

I always read the letters in the Forum and also your editorials. I don't always agree with some of the letters in the Forum, but I always agree with your editorials. They give us new thoughts and issues we now face in the future will have to face.

We residents of Granite City, just a few years ago never dreamed our city would expand to the great city it is. Our city will keep growing and we must plan for the future. We must not live in the past, but try to help push forward.

I think the city council are trying very hard to do a good

manutrition by not being financially able to purchase the necessary roads and vitamins to sustain a normal healthy standard of life. The A. M. A. to be the American Medical Association is that in time this bill will force Socialized Medicine and bring the doctors, prescription drug and hospitals down to the ground level of a working man's pay check. If so I don't know of a better thing that could happen to you.

Since the cost of 1949 the cost of food stuff has increased 25%. Medical care 52% and hospital care 110% and most hospitals are built by a group of Santa Clauses by the contribution method at the same time the increase in the earnings of the wage earners has fell far short of these figures.

It has been said that this bill is being used as a political hammer. This is not true. This bill is much needed in lots of places over the city.

Our street department operation is a big job in it's self, and our Street Department Superintendent should be complimented for his fine effort. So instead of his criticizing too much let's lend them all a helping hand and show them our appreciation.

MOSS URGES SUPPORT OF PARANOID BILL

This is a bill in committee now before the members of Congress and has gained the support of 10 of the committee members just two short of a two thirds majority. But never the less gaining strength. The bill is a measure to provide Socialized Medical, Hospital and Nursing Care of the recipients of Social Security, and no doubt will spread to the bracket of State Old Age groups, recipients of child aid and etc.

Constant contacts have been made over a period of the past years to get a bill of this type to supplement the short income of this group of people at present we have 16,000,000 people in the 65 year and above age bracket and by the year of 1975 there will be an estimated 20,000,000 people 65 years and older the average income of this group is less than \$1000 per year 65% that reach retirement age 65 only live from one to 3 years after retirement. This is due largely to the fact of lack of proper medical care in some cases a certain amount of

malnutrition by not being financially able to purchase the necessary roads and vitamins to sustain a normal healthy standard of life. The A. M. A. to be the American Medical Association is that in time this bill will force Socialized Medicine and bring the doctors, prescription drug and hospitals down to the ground level of a working man's pay check. GOLDEN CIRCLE MEETING

The Golden Circle young married people's class met at Calvary Baptist Church for a monthly meeting this week. Games were enjoyed, and prizes were awarded to Mrs. Bernice Snider, Danny Mustain and Mrs. Ruth Hancock.

Birthdays of Mrs. Patty Lynn and Mrs. Beverly Jones were observed with the group singing "Happy Birthdays." Refreshments were served by the hostesses for the month, Mrs. Jones and Mrs. Hancock, to Jim Hancock, Mrs. Peggy Mustain, Mrs. Norma Smith, Dr. and Mrs. Wilbur Snider and children, Jennifer and Dee, Mrs. Mary Karwitz, Mrs. Harper and Misses Sandy Jones, Cheryl Smith and Angela and Wanda Hancock.

A devotional was given by Mrs. Snider, and a business meeting was conducted by Mrs. Ruth Hancock, president. Reports were given by Mrs. Lynn, Mrs. Delphine Kinder, Mrs. Smith, Mrs. Karwitz and Mrs. Pat Robinson were appointed as group captains. The benediction was given by Mrs. Jones. The next meeting will be held on April 12.

SECOND BIRTHDAY

The second birthday of Tim Weaver, son of Mr. and Mrs. Roy Weaver, 2825 Edgewood avenue, was celebrated with a party in the Weaver home Sunday.

Many gifts were presented to him, and the children enjoyed playing with the toys while the adults spent the afternoon socially.

Refreshments of cake and ice cream were served by Mrs. Weaver to Mrs. Dorothy Meyer, Mrs. Marie Enstall and son, Dale, and Mr. and Mrs. Donald Meyer and son, Brock, all of St. Louis, and Larry and Lonnie Weaver.

Brownie Troop 12 of the Wilson avenue school met with Mrs. Mary Sturdivant, Mrs. Donna Hicks and Mrs. Mildred Lovejoy, leaders, this week. The brownies promise opened the meeting, and was given by Patricia Ahrens, Barbara Azari, Valerie Bone, Theresa Bonvicino, Darlene Fries, Mildred Lovejoy, Patricia Patrick, Elizabeth Settemoier, Linda Singer, Linda Stambaugh and Linda Wilkins.

A short discussion was held on a movie the girls watched and on how well the group had behaved. The girls rehearsed songs that are to be sung at the next YTA meeting. A new project on farming started. It will consist of pictures from farm magazines sent to the troop by Mrs. Sturdivant's father, O. W. Wallen, and the girls will make a scrapbook.

Charles Roland Hunter, infant son of Mr. and Mrs. Charles Hunter, 3256 Rodger avenue, was christened Sunday at St. John United Church of Christ, with Rev. Paul Surbey officiating. Godparents are Mr. and Mrs. Lewis Cook and Charles Riggs.

Dr. and Mrs. LaMoine Rapp of Hannibal, Mo., visited this week in the home of Dr. Rapp's parents, Mr. and Mrs. Walter Rapp, 2427 East 25th street, while enroute to Florida, where Dr. Rapp will attend a medical convention.

Intermediate Girl Scout Troop 95 of Marshall school attended in a group Sunday, which was Girl Scout Sunday, at St. John United Church of Christ, with the leaders, Mrs. Betty Weston and Mrs. Marieta Daniels.

The Youth Fellowship of Good Shepherd United Evangelical Church will sponsor a skating party Friday evening.

Local Students To Join

College Social Club

Two Central College students of Granite City have received bids for membership in Alpha Phi Gamma, men's social club at Central College. They are John A. Michaels, son of Mr. and Mrs. Glenn Michaels of 2216 Lincoln avenue and Sarkis Nigbhosian, son of Mr. and Mrs. Samuel Nigbhosian of 1723 Chestnut street.

Bond Goal \$5,157,504

Madison county has accepted a 1960 quota of \$5,157,504 for the sale of series E and F United States savings bonds, it was announced this week by Henry D. Karandjoff of the City, general chairman of the county savings bond committee.

MRS. GUSTA PENDLETON
2223 Illinois Avenue
TR. 6-5027

Loyd Spencer Primary Sunday school met Tuesday afternoon at Second Baptist Church. The group made a large mural of activities in Bible school. The mural will be displayed next week. Time was spent at two display tables, one with nature objects and Bible school materials, and the other with a farm display.

Mrs. Betty Lewis told the second chapter of "Sammy in the Country." Singing was enjoyed by all, and prayer for missionaries and sick were given by four members, Mrs. Lewis and Mrs. Julia Penrod. A discussion was held on Bible school, and cookies were served on napkins with the American flag and

Christian flag seals. The drink was pink lemonade. These present were Connie Wigger, Richard Witty, Danny Penrod, Becky Miller, Donna Mills, Debbie and Danny Laswell, Kenneth and Gary Reeves, Pamela Cross, Susan Anderson, Kathy Farley and Stephen Krause.

VISITING IN FLORIDA
Mrs. Robert Richardson, 2712 Idaho street, left Sunday for Jacksonville, Fla., to spend about a month with her daughter, Mrs. Dauphin Tolbert and family.

Mrs. Minnie Bono, 2406 Illinois avenue, was released Monday from St. Elizabeth Hospital, where she had been a patient three weeks.

Casting For 'The Red Mill' Complete, Tickets On Sale

One of Victor Herbert's most popular operettas, "The Red Mill," will be presented on the evenings of March 24 and 25 in the Granite City high school auditorium by members of the GCIS vocal music department. Warren Simpkins, director.

Simpkins said final casting for the operetta has been completed and that the production is in full rehearsal. Tickets, priced at 75 cents each, may be obtained from cast members or at Graham's Book store, he said. The operetta is to be presented at 8 o'clock each evening.

In the vocal music department's production, Cyle Myers and Bill Evans will have the roles of Con Kipper and Kid Conner, two Americans stranded in a little Dutch village. The last, while working off their board bill for an innkeeper near an old mill by serving as a waiter and interpreter, serve as self-appointed cupids in forwarding the romances of the four members of the innkeeper and the burghmaster.

The roles of Gretchen, the burghmaster's daughter, and Tina, the innkeeper's daughter, will be played by Carol McDonald and Linda Sperry.

Robert King is cast as the innkeeper and Richard Weiss as the burghmaster. Gary Grammer will appear as the Governor of Zealand, whose song and motto are still popular: "Every Day is a Holiday With Me."

Countess De La Fere, trying to marry off a parcel of daughters, is to be played by Janet Moore. Other leading players include

the following soloists: Joyce Daniels, baton twirling and bass clarinet solo; Mike Scaggs, tuba; Sandra Coudron, alto clarinet; Edward Esinghaus, Roger Schmitt and William Getz, euphonium; Richard Kutz, Gary Cooper, Linda Seibert, Mike Esinghaus and Markie E. Fryer, B-flat clarinet solos; Diane Wilcox, piano, Margaret Taylor and Kenneth McMillan, cornet; Mary Gray and Jackie Kaman, French horn; Grace Hogan, bass clarinet; Donna Hawkins, flute; and Roddy Brauer, piano and trombone solos.

GCHS, Nameoki Division Bands To Play Tonight

Nine selections will be played by the Granite City high school band during a concert this evening in the school auditorium. The program will begin at 8 o'clock.

The Nameoki area grade school musicians, directed by Harold Bennett, "Hoosier Schoolmaster" by Paul Yoder and "Beginner's Beguette" and "Rodeo Town," both by A. R. Plato.

The program by the high school band, directed by Louis E. Meek, will begin with "Nobles of the Myrtle Shrine" by J. P. Sousa, "Prelude to Act V of 'King Manfred'" by Reinecke and Mozart's "The Impresario."

Also included in the high school group's concert will be LaGasse's "Sea Portrait — A Tone Painting," Morton Gould's "Selections from Windjammer," Oats' "Fiesta in Rhythm," Victor Herbert's "The Red Mill Overture," Henry Fillmore's "The Klaxon" and "I'll See You Again" by Noel Coward.

Tri-City Community Concert Board To Meet

The Tri-City Community Concert board of directors will meet at 2:30 p.m. Sunday at the First Presbyterian Church in Granite City to discuss the coming ticket campaign and aided attractions for the next season.

Miss John McCabe Moore, chairman of the membership drive, has several details of the campaign to work out with the board. The Community Concert association sponsors several outstanding attractions each year to which only ticket holders can attend. The tickets are sold in an annual spring drive, with this year's scheduled for March 21-26.

Two attractions have already been chosen by the board but at Sunday's meeting the other concert will be discussed with the floor open for suggestions by the members. Final selection for all concerts will be March 26.

Daniel Todoroff is president of the association.

Auto-Truck Accident

A truck operated by Richard Russell Leonard, 37, of Centerville, and an auto driven by Bonnie Ford, 22, of 11 Kasberg lane, were involved in an accident Monday afternoon on Madison avenue at 17th street when both vehicles were traveling damage to the right side of the auto. No injuries were reported.

GC, Venice, Nemoak Townships Propose \$200,000 Reduction In 1960-61 Budgets

Mention the word "taxes" and you have a discussion on your hands. That is how tax-conscious Quad-City residents have become, and with good reason, for the amount of governmental spending has been rising at nearly all levels in recent years.

The new year's municipal spending proposals have been awaited with interest, and the first indication of what they will be has been supplied by the tentative 1960-61 township appropriations just announced. Final action will be taken — by the public, incidentally, rather than township officials — at the annual town meetings Tuesday, April 5.

Officials of the Granite City, Venice and Nemoak townships propose to spend up to \$436,141 during the fiscal year beginning at the end of this month. This is a large sum, but represents \$20,048 less than their combined budgets during the present year. The decrease is almost five per cent. Relief or general assistance expenditures in 1960-61 are listed tentatively at \$342,325, up \$2522, while town fund appropriations total \$92,616, down \$26,875.

The proposed totals are \$214,301 in Venice township, down \$1372; \$169,100 in Granite City, down \$5470; and \$52,740 in Nemoak township, down \$13,401.

Whether the township proposals will be a har-binger of other spending decreases is not yet known, but it is a fact that the town officials expect to be able to get by on less money in the coming year, even though they are allowing more for relief costs. Another hopeful sign is that the relief load has started to drop in two of the townships.

Taxpayers and voters throughout this community will be watching with unusually great interest this year as the expenditure plans are unfolded. For the present, at least, many undoubtedly are pleased with what they are seeing.

Nearly everybody thinks of sh in terms of what other people are doing.

G. W. Hoelscher In 25th Year As President Of YMCA Board

The annual YMCA business meeting and open house, which attracted the largest turnout in history, marked the start of the 25th year of G. W. Hoelscher's service as president of the YMCA board of directors.

Few individuals have such a long record of service in leading a recreation and activity program supported by and serving the entire community. He has given leadership to the board of directors during a challenging period which encompasses a depression, two wars and rapid growth of the Quad-City's size and population.

The YMCA facilities and programs inspected by the public during the open house represent a vast expansion and improvement over those initially established. Much of the credit for this goes to G. W. Hoelscher, its president since 1936.

New Camp Leads Make Girl Scouts' Latest Birthday A Happy Occasion

Girl Scout Week, this year marking the 48th birthday of the Girl Scout movement, has special significance in the local council because it is being observed in the same month that a major addition to the scout program will be dedicated.

The council is preparing to welcome the public on Sunday, March 27, to the new lodge building being constructed on its campus near Glen Carbon, Camp Lakota. The camp, well outside the local residential and commercial area but still within easy driving distance, will receive much fuller use during all seasons of the year after the lodge is opened.

Serving 1700 girls aged seven through 17, the Girl Scout council is operated by a corps of 30 board members and 230 adult leaders. Its objectives and training are exemplified by the topics being stressed during this week's special observance — citizenship, housekeeping, health and service, arts and crafts and international friendship.

With only a small cost to the public the council has aided for many years in instilling good qualities and valuable skills among the future womanhood of the Quad-Cities. The current scouting birthday is an especially happy one, for the new facilities soon will enable the council to provide an even more helpful and diversified program.

The road to success is traveled by executives who know how to use new plans when old ones fail.

Voters Not Registered By Monday Cannot Cast Ballots In April Primary Election

Amidst mounting election clamor, voters should remember one fact. Unless they are registered, they will not be able to participate in the primary balloting on Tuesday, April 12.

While the election itself is only a few weeks away, the registration deadline of March 14 is even closer. Those already registered and possessing voter cards expiring after April 1960 need take no action. But those not registered, even if they otherwise qualify, will not be able to vote unless they register by next Monday.

Majority rule is a keystone of our democracy, and voting is one of our most precious rights. To avoid losing this right on April 12, Quad-Cityans not registered must do so by Monday. Nine local centers are open for their convenience.

The progress of a community is in proportion to the usefulness of its leaders.

New State Boat Registration Program Will Stress Safety

The arrival of March has brought with it this year the start of Illinois' new registration system for boats. Although the number of pleasure and commercial boats in the state has soared to 300,000, the only previous record required was registration of the ownership document with the U. S. Coast Guard.

The estimated \$400,000 in annual income to be derived from the state registration will be used to develop access to lakes and rivers for recreational boating, to conduct a water safety education program and to finance enforcement of the registration law.

Under the new program, all motor boats will be required to have life preservers, and those with 10 horsepower or more will be required to have a fire extinguisher and whistle. The safety education campaign also may prove helpful in emphasizing "rules of the road" and reducing the high accident toll that has developed at crowded waterways on summer weekends.

"The people who look to government to bring them security and prosperity ought to remember what happened to the American Indian." — Farmer City Journal.

No community should permit a handful of hoodlums to destroy its reputation for good conduct.

Bi-State Harbor Lease With GC Steel Amended

Granite City Steel Co. will pay an annual rental of \$200,000 for use of docks on the Chain of Rocks Canal when its present lease expires in 1974, under terms of an amendment unanimously approved Monday afternoon by the Bi-State Development Agency.

The amendment also contains a hedge against inflation by providing that the yearly rental will be adjusted to correspond with percentage changes in the Wholesale Price Index for all commodities as compiled by the Bureau of Labor Statistics. All other features of the current 25-year lease are retained, subject to negotiation at the time the contract expires.

The steel company, which initially financed the harbor but has since been repaid by lease-amount of Agency revenue bonds, now pays \$25,000 a year, of which approximately \$20,000 goes toward support of the Agency. It was pointed out by Charles W. Rogers, Agency spokesman, that the amendment will provide almost twice the present net income to the Agency when the bonds are retired. This money is available for Agency operating costs and bi-state area projects.

Issued in 1954, the 20-year lease has been renewed earlier than 1974 if funds are available, and at that time the harbor becomes the property of the Agency. Purpose of the amendment was to provide a continuing source of income for the Agency and also give Granite City Steel Co. the protection it must have to plan long-range improvements, Rogers explained.

Permit also was granted by the Agency to the Shell Oil Co. for a six-inch pipeline right-of-way just east of the canal levee on future "fill" ground the Agency now leases from the federal government. Milton Kinsey, Agency engineer, said the installation would present no problem and has already been approved by the Corps of Engineers.

Eight of the 10 Agency commissioners, five from each state, were present at Monday's meeting.

New Books Arrive At GC Public Library

A number of new books are now available in the adult department at Granite City Public Library — fiction, mysteries, westerns, non-fiction and reference. It was announced today by the librarian, Mrs. Mary Grace Kruhnke.

Among them is the non-fiction book "The Road to Harper's Ferry," by J. C. Furnas, which is described as "a vivid exploration of the facts and follies that began with the slave trade in Africa, led to the raid on Harper's Ferry a hundred years ago." It outlines the influences that impelled John Brown and the "Secret Six" to carry out the deed.

"Mr. Furnas takes the reader on a tour of a large part of the world—from Africa to the United States plantations of the south, as well as the perils and elusiveness of Boston, on three continents are brought out on the pages, as focused upon a major issue of the centuries," the review reads.

Other new books now in the adult department are: "Anatomy of Freedom," Medina; "The Constant Image," Davenport; "The Hero, Charles A. Lindbergh," Davis; "Strike for a Freedom," Galle; "May This House Be Safe From Tigers," King; "Fuel for the Flame," Waugh; "History of Israel," Noth; "No Room in the Ark," Moorhead; "Town Burning," Williams; "McKay's Guide to Alaska," Hart; "For No More Rusk and Hawaii," Michtner.

Crash At Intersection

Involved in a traffic accident at 25th street and Grand avenue Monday afternoon were attorney driven by Irene Singleton, 22, of 2028 Grand avenue, who was going south on Grand avenue, and Joseph Bernard, 67, of 2446 State street, who was traveling east on 25th street. Police said no one was hurt. Damage was reported to the right side of the Singleton auto and to the front of Bernard's car.

Solons In No Hurry To Move Firemen Into New Station

The city's move into the new \$200,000 fire station could be made in 15 days, but council members decided Monday night to wait 30 to 60 days for the project to be completed in every detail. The building was to have been ready for occupancy on Dec. 20.

Inside work, such as painting and placing of floor tile could be completed for occupancy in 15 days, the council was informed by a letter from the contractor, Tom Studebaker & Co., but other work — landscaping and exterior painting — would have to wait for good weather. The contractor was requesting partial acceptance of the building and payment of 50% of costs.

The contractor's letter was read to the council by Alderman Estill Von Schnitzler, chairman of the Fire and Water Committee, who opened his remarks by complaining that he knew nothing of the matter until handed the letter prior to the council session. Other members of the committee said they had received their copies last week and Studebaker said copies had been mailed to all members of the committee.

After considerable discussion, council members referred the letter to the committee for a recommendation at the next meeting on March 21. It was the council's opinion the building should not be accepted until it is fully completed — even to exterior grading and painting. Studebaker said it could be 30 to 60

Mitchell Kiwanis To Sell Pancake Tickets

Tickets for the annual pancake and sausage supper April 23 will be available next week. John Sands, chairman of the supper committee, told members of the Mitchell Kiwanis at their regular meeting in the White Swan Monday night.

The pancake supper is one of the major money-raising projects of the club during the year. Members will be selling tickets for over a month.

In other business, the nine members present voted to send several Mitchell area Boy Scouts to summer camp. It also discussed how the Kiwanis might be able to help Four-H clubs in the area. Francis Richardson and George Klein were appointed chairman of the committee to look into the matter.

Death Caused By Cancer
An inquiry conducted Monday by Deputy Coroner Henry Phipps showed the cause of death of Mrs. Myrtle Rader, 70 to be cancer. Mrs. Rader died suddenly at her home, 2228 Delmar avenue, on the morning of March 2.

NLRB Hearing Today On Pontoon Water Line

Rescheduled for today is a National Labor Relations Board hearing in St. Louis as complaints filed in connection with picketing of the Pontoon Beach water system construction project by Teamsters Local 526.

The hearing was set for last Thursday but was postponed because of inclement weather.

The complaint was filed by the union, contending that the water line project, and an agreement has been reached that the union will be no further picketing until a ruling is received on an injunction request filed in the St. Louis District Court at Springfield, asking that picketing be halted.

The complaint contends that the picketing was started to force, him to assign work to Teamsters that was being performed by Laborers Local 297 and Operating Engineers Local 520.

Final Month Was Disastrous One For Trojan Cagers; Overall Record 14-11

Take away the results of a final disastrous month of complete titillation, and Madison high school's basketball record for the 1959-60 campaign would be a respectable 13-4.

Things are not done that way, however. The Trojans, who doubtless felt the absence of forward Jake Young after the senior reached the high school's limit, dropped eight of 11 games after Young turned in his suit. They were able to win just once in their last eight encounters, and finished with a 14-11 slate.

Three of those games were conference contests, but Madison, on the strength of a 6-1 performance early in the Midwestern scheduling, finished in second place with a 7-3 mark.

Top scorers in MWC

Madison on the strength of a 6-1 performance early in the conference season was the Midwestern boys' top performer on paper with an average of 65.8 points, while Trojan opponents netted and averaged of 50.5 points a game.

Dupo's zone defense gave the Trojans the tightest ring around the basket. Paul Taylor's boys gave up a stingy 30 points a game to MWC opponents.

St. Bartholomew Wins Junior Teen Title In Playoff

St. Bartholomew's became the first Junior Teenage basketball league champion Monday night in park district play at the recreation center, defeating Lincoln Place in a playoff game, 47-46.

Anthony Rodi and the winners with 20 points and Kenneth Talley was tops for Lincoln Place with 15.

The first place during the regular season with identical 7-2 records.

Sacred Heart finished in third place and St. Joseph was fourth. This year's scheduling of games marked the first season for the Junior Teenage league.

Outside the conference, Madison was into trouble, most of it in the season. After getting off to a quick start against non-conference foes by winning the Quincy tournament, Charles "Buddy" Mueller's outfit won four of 12 remaining games outside its conference.

Granite City made a clean sweep out of the inter-city rivalry by defeating the Trojans twice during the regular season and writing "fins" to the Madison season by stopping the Trojans in the first round of the Collinsville regional tournament.

Young, Walter Hides and Ed Walker, each had fine seasons. Young was runner-up in total points scored this season despite appearing in just 14 of Madison's 23 games. He totaled 226 points for a 16.1 average.

Walker, called "the best center in the area" by Edwardsville minor Joe Lucero, and highly praised by the Trojans, missed only one quarter the entire season and finished with 543 points.

Duelling Dupo's Kendall Rhine most of the season for top scoring honors in the 11 games played. The 6-5 pivotman waited until the final MWC contest of the year to defeat the Trojans, 64-59, in 197-159 in the scoring department.

Graceland Ken Greigs (4.5 average) and Frank Hides (5.3) were next in line behind Lennon (7.2) in the scoring department. Although Junior Olli Wright finished the season with 46 points in his final three games, it seems to have "frozen" him. A happy note as Mueller looked ahead to next season.

The late season slump at Madison in 1959-60 was a direct reversal from last season, when the Trojans averaged 65.8 points with a 10-11 record and went all the way to the state quarterfinal in Champaign.

GC Team Setting Fast Pace As BPA Season Nears End

Pace-making Old Milwaukee Beer, representing the Granite City Bowland Lanes, again is the pack in the stretch run of the 1959-60 Southern Illinois Bowling League season. The leaders hold a four game advantage over last winter's champions, Bowland Haven Falstaffs, who will host the eight-team circuit on Jan. 20.

While Old Milwaukee is firing against the East St. Louis Bowland A-Way Lanes, the Bowland Shop, the Falstaffs will be clashing with O'Fallon Sports Bowland. Collinsville's Fairview Bowls, Buach Bavarian standard, beer, new occupants of third place will meet Bowland Haven of East Alton.

Jim Vrenick of Old Milwaukee and O'Fallon's Claude Fara experienced scoring difficulties last weekend but still have their season averages over the 200 mark. Trailing them in the average derby are Nick Lombardi, Vrenick's 2-1 mate at George King of the Falstaffs, and Fred Haas of the Stags. Old Milwaukee leads with a 377-pin average.

Standings: Granite City 54-34, Alton 50-38, Collinsville 41-47, Bellefonte 40-39, East Alton 36-42, O'Fallon 34-44, Wood River 33-44-15.

Warrior Net Squad Has 7 Returning Lettermen

Seven returning lettermen form the nucleus of Dick Harmon's Granite City high school tennis squad, which last year was undefeated in ten games played in conference and non-conference play.

Harmon expects 20 to 25 contacts when he begins practice Monday afternoon. The overall schedule awaits final conference pairings, which should be completed within the next few days. The first match will be in early April.

Harmon plans running drills for the first week of practice, which will be held inside the gym. Outdoor practice will start when weather permits. If inclement weather continues, tennis will be set up in the gym.

Last year, the Warriors won the Southern Illinois conference championship for the second straight year, but Harmon expects stiff competition from Edwardsville and Belleville this season.

Granite City tied Carbonate Community 9-9 in the district tourney and scored one point in the state finals at Champaign. Jim Spudich and Jerry O'Guin are the only mainstays from last year's team who will not return this season. Top returning candidate will be David Moss, a senior who was with nine points. The only point for the Warriors in the state meet. He will be the 1960 captain and number one singles man.

Junior Virgil Kirksey and Max Presack, both one-year lettermen, are the prospective No. 1 doubles team. Also returning are Junior Keith Velsert, Buick and Senior Gary Wiseman. Singles lettermen returning will be Senior Ron Creilly and Junior Keith Velsert.

Dugouts, Steelworkers Consolidate Clubs, GC Steel Drops From Inter-City Loop

The Venice-Madison Dugouts and the Steelworkers Club, separate entities in the Southwest area Illinois Inter-City Baseball league for the past several seasons, have been consolidated and will compete as one team, the GC Steelworkers, during the 1960 season, Inter-City President Vernon Lucas said this week.

Combining the two clubs, together with the vocational club of the Granite City Steel Co. team, has left the Inter-City league with only two representatives in the league for the coming season. The second is Edwardsville of Granite City.

The Hearst, together with the Collinsville Boosters, Troy Red Birds, Maryville Red Sox and State Savings and Loan of East St. Louis, will make up the Red division. State Savings and Loan is a new entry.

DISTRICT CHAMPION Lincoln of Venice Rams are pictured with their trophy. They finished the season with a 15-7 record. Kneeling (left to right), are Earl Crawford, Charles Heiter and John Marchbanks. Those standing are Joe Walker, Arthur Melton, Thomas Heil, Robert Felton, Robert Davis, Robert Davis, Marvin Franklin, Coach Stan Lynch and Manager Robert Foster.

Highland VFW, Carpenter and White City. The latter two clubs also are new faces in the league this year, although Carpenter was an Inter-City entry in 1959.

Lucas said all players under contract to Granite City Steel, Venice-Madison and Greenville, which also vacated its franchise, have been declared free agents for the 1960 season.

The Inter-City Businessmen will be managed by Dick Portell and Olli Miller, who directed the old Venice-Madison and Steelworker Club teams.

The Inter-City team is to open season Sept. 11 and will close on Sept. 11 unless rained-out makeup games force an extension of the season, which is usually the case.

The 1959 all-star game between top players of the two divisions will be staged at Maryville, where the idea for the Inter-City league was born 30 years ago. Date of the game is yet to be determined.

Maryville will also be the scene of the next regular meeting of the league representatives.

Regional Sunday School Convention Here

The Mount Zion General Baptist Church, 21st and Benton streets, will be host to a regional Sunday school convention of General Baptists on Friday night and Saturday, Rev. Truman Collins, pastor, announced today.

About 300 persons are expected to attend. Most of the delegates will be from Illinois and Missouri.

The convention program will be directed by Rev. Lloyd Myers of Malden, Mo., executive secretary of the National Sunday School Board of General Baptists. Collins, who is president of the National Sunday School Board, and several pastors of this area.

The public-particularly Sunday school workers—is being invited to attend the convention, regardless of denomination. The convention fee will be 50 cents, and each person registering will receive a free packet of Sunday school promotional materials.

The convention program will begin with an inspirational service at 7:30 p. m. Friday, with Rev. Jack Bradford of Wheaton

General Baptists and director of the convention program; Arthur S. Davenport, church promotion official; Rev. Wayne Nottel, executive minister of the General Baptist Press; and Rev. Jack Bradford, midwestern director of Christian education consultants.

Granite City PRESS-RECORD To Begin Saturday

Dr. Harold Kaiser, superintendent of Granite City schools, will lead discussions on such subjects as "The Pastor and the Sunday School," "Pre-Sector Activities for Children's Classes," "The Cradle Roll Department," "The Workers' Conference," "Teaching Primaries," "Making and Using Visual Aids in the Sunday School" and "The Home Department."

Services on Saturday will begin at 9 a. m. and 1 p. m. The program will include talks by Rev. Myers and Rev. Wayne Nattier, assistant manager of the General Baptist Press at Poplar Bluff, Mo.

Arthur S. Davenport, president of the National Sunday School Board of General Baptists, will speak at a pastors and superintendents' seminar at 11 a. m. Saturday and then lead a workshop on "Public Relations and Advertising" at 3 p. m. Saturday.

Several General Baptist Sunday school leaders will take part in the program. The list of participants includes Mrs. Irene Myers, Mrs. Virginia Collins and Rev. Dale Porter.

Workshop topics will include the following: story telling, teaching pre-schoolers, teaching juniors, teaching adults, Sunday

Civil Service Airplane Pilot Jobs Available

Federal civil service positions as civilian airplane pilots are open, with basic starting salaries of \$7000 and \$8300 a year. It was announced today by Vernon Deutchman, who has applications available at the downtown Granite City police office.

The acceptance of one of the airplane pilot positions requires the person to join the Air Force reserve with additional pay as a reservist amounting to about \$1500.

The Continental Air Command calls this new civilian-reservist employee the Air Reserve Technician.

Girl Scout Week Event

International Friendship Dinner In Madison Tonight

An International Friendship Dinner will be held tonight at the Madison Memorial Center, 17th and Benton streets, to celebrate the 48th anniversary of the Girl Scout movement in the Tri-City area.

The dinner is the second annual affair to be conducted on the friendship theme, which stresses the close relationship of Girl Scouts throughout the world.

The dinner is the second annual affair to be conducted on the friendship theme, which stresses the close relationship of Girl Scouts throughout the world.

The girls and their leaders have stressed one phase of the Girl Scout program each day this week. Homemaking was the subject Monday, citizenship on Tuesday, health and service yesterday, the international friendship theme today, arts and crafts on Friday, and the official observance of the birthday anniversary on Saturday.

Each of the 33 window displays placed in Quad-City business late last week had as its subject one or more of the program phases.

Another anniversary, the 100th birthday of Juliette Low, founder of the Girl Scout movement

Dr. H. Epstein Dies Suddenly Monday

Two Calls In Madison On Overheated Stoves

Madison firemen received two calls Tuesday, going first to the apartment of the Brooks family at 1623 1/2 Fifth street at 8:40 a.m. An oil stove there had become overheated, causing \$35 damage to the stove.

At 2:10 p.m. Tuesday, the fire department was asked to go to a refreshment stand on Madison avenue near Sixth street, where a gasoline heater became overheated and flared up. However, those at the stand were able to control the heater without aid from the firemen. John Lewis was listed as owner.

Former Resident Recovering
 James Watkins of Wright City, Mo., a son of Mrs. Dorothy Watkins, 2704 Idaho street, and a former Granite Cityan, is recovering at St. Elizabeth Hospital from major surgery which he underwent the past week. A grandson of Mrs. Beale Cary, 2433 State street, he is a graduate of the Granite City high school.

Madison '60 Bike Licenses Issued

Madison city bicycle licenses for the 1960 calendar year are on sale at the police station in the Madison city hall, it was announced today.

The licenses, which cost 25 cents, are required by a Madison ordinance and have proven useful in locating stolen bicycles. The metal seals are applied to the handlebars or other portions of the vehicle.

Each bicycle's serial number, size and color are entered on the license registration blank. The information can be written down by the bicycle owners, or they may bring their bikes to the station when obtaining licenses.

Federal Held Wednesday For Harry Price, 54
 Funeral services were held in East St. Louis at 1:30 p.m. Wednesday for Harry Price, 54, of St. Louis, who was pronounced dead on arrival at City Hospital at 11:30 a.m. Saturday. He was the father of Ralph Price of Granite City.

The elder Mr. Price was found in six feet of ice along railroad tracks in a passerby enroute to work. Mr. Price apparently died of exposure but an inquest will be scheduled in St. Louis.

He was born in Charleston, Mo., and lived in St. Louis 35 years where he was employed as a truck driver.

Mr. Price also survived by another son, Charles Price of Gales Ferry, Conn.; a brother, J. W. Price of East St. Louis and two grandchildren.

Interment was in East St. Louis' Greenwood Cemetery.

Driver In Accident Faces Traffic Charge
 A charge of following too closely was placed against B. W. Wallace, 24, 2150 Washington avenue, who was involved in an accident Monday at 20th street and Edison avenue. He posted his driver's license as bond.

Police said Wallace was traveling east on 20th street and struck the rear of an auto being driven east by Edward P. Foehe, 45, of 2305 Benton street who was stopping for a red traffic light.

Anti-pollution laws passed in 1957 have almost made Pittsburgh lose its trade name of "Smoky City."

Bids Sought To Remove Tracks On Washington Ave.

Bids are to be sought for re-project for curbs and gutters and the surfacing of Granite avenue from 12th to 14th street and 12th street from Granite avenue to Edwardsville road, and a \$5000 school crossing traffic signal installation at 20th and Benton streets.

At the request of Earl Von Schmittou, an ordinance is to be prepared to prohibit parking on the south side of 17th street between Grand avenue and State street.

Schmittou complained that trucking firms, using a vacant lot at 17th street and Grand avenue, were causing damage to city property — a sidewalk and catchbasin — and that the trucks were throwing mud on the streets. He suggested the city engineer survey the area and determine where city property lines are located to determine if a trucking firm building might be on city property and if there is space for the city to install upright ties to form a barricade and force the firm to install driveways.

Rather than go to the expense of building a barricade, a suggestion was made by Alderman Donald Partney for warrants to be obtained against truckers driving over the sidewalk. However, Schmittou said he asked weeks ago to watch the trucks, but no arrests had been made. City Atty. William Beatty said a blanket warrant could not be issued since several trucking firms use the lot and witnesses would be needed to determine the responsibility.

Clem Raney, 69, Dies Suddenly Monday

Clem Raney, 69, of 2422 Benton street, died shortly after arriving at St. Elizabeth Hospital at 4:30 p.m. Monday. He had collapsed in the kitchen at his home after returning from picking up his grandson at school. He had been in good health, and an inquiry will be conducted by Deputy Coroner Henry Pieper.

A native of Troy, Mo., Mr. Raney lived in Granite City 50 years and was retired four years from National Lead Co. where he was a roller for 13 years. He was past commander of American Legion Post 113 and a member of VFW Post 1300.

Mr. Raney is survived by his wife, Mrs. Martha Raney; a son, Lloyd H. Raney of Hazelwood, Mo.; a daughter, Mrs. Wayne (Velma) Melvay of Granite City; three brothers, B. D. Raney of St. Louis, Ollie Raney of Brisco, Mo., and Hubert Raney of Arcadia, Calif.; and four grandchildren.

Services were held at 2:30 p.m. today. Other arrangements are given in today's obituary column.

Firm Pays \$117,472,503 To Policyholders

John D. Lentz, manager of the local Metropolitan Life Insurance Co. office, reported today that the company's payments to policyholders and beneficiaries in Illinois last year amounted to \$117,472,503.

Lentz, who recently returned from a three-day conference of officials and district managers in New York, said, "On the basis of company-wide averages, about twice as much was paid to living policyholders as to beneficiaries of death claim payments." Over the last five years, payments to Illinois policyholders and beneficiaries have amounted to \$526,549,637.

City's Bills, Half-Month Salaries Total \$48,263

A \$15,386 bill list and half-month salaries amounting to \$32,877, a total of \$48,263, were approved Monday night by Granite City council members. Special allowances and fees included on the bill list were \$416 paid to David J. Johnston for engineering services in February, \$364 to Earl Bloomquist as 30% of building permit fees paid in February; \$450 expense allowance for Mayor Davis, Fire Chief Elijah King and Assistant Chief Curtis Donley (\$150 each) to attend a fire training school at Memphis; \$138 for tickets for aldermen and their wives to attend the Retailers civic achievement awards banquet; \$40 paid to Holiday Service for the city's contract for a \$120,000 federal sewer planning grant to be taken to Chicago by plane. An allowance of \$52 was approved for Civil Defense Director George Schumacher for expenses in February and a state tractor license; \$30 expense allowance for Civil Defense Director Victor Koenig, and aldermen receiving \$30 expense allowance were Steve Banasch, Robert Gaughan and Camer Skighish.

One bill for the new fire station in the amount of \$2,414, was approved for Markully Plumbing & Heating Co. for plumbing and sewer work. Among the other disbursements were \$2221 paid to the Illinois Municipal Retirement fund as the city's 8.92% contribution on the payroll; \$643 paid to Federal Oil Corp. for 1936 gallons of gasoline, 540 gallons of oil and 40 pounds of grease; \$1162 paid to East St. Louis & Interurban Water Co. for rental of 317 fire hydrants in February; \$202 to Illinois Power Co. for electricity and gas service; and \$2410 to Midwest Black Top Roads, Inc. for 469 tons of rock.

Reserves Accepting 6-Month Enlistments

Enlistments for young men between the ages of 17 and 20 with no prior military service are being accepted at the Wood River Army Reserve Center, Capt. Waldo P. Adams, officer in charge, said today.

The enlistments are in the six months' reserve program, with enlistees to go on active duty in April of this year. Capt. Adams said vacancies exist in the corps of engineers, artillery, ordnance and transportation corps.

Interested persons may call at the armory, 100 Anderson avenue, Wood River, between 9 and 4:30 p.m. on week days for information.

TOOK TIME

Ferdinand deLesseps obtained the right of way for building the Suez Canal from Turkey's Viceroy of Egypt in 1854. But spent four more years raising the money to start work.

A beef cow herd may or may not be profitable for a farm. To help weigh prospects of success, here are some guides from W. N. Thompson, University of Illinois agricultural economist. He gives three ways of figuring costs.

Farmers are making what variety of alfalfa are recommended for this year. Apparently a large than usual acreage will be seeded this spring.

For its 1936 recommendations the Department of Agronomy, University of Illinois, states with Atlantic, Buffalo, DuPont, Ranger and Vernal. Substantive performance figures speak well of all of them.

Atlantic is winter hardy and fast growing. It is not well resistant and therefore is recommended only for short-term stands.

The wilt-resistant Buffalo works in either short- or long-term stands. It and Ranger are the best here now. Ranger is both the most generally grown variety and can be used in either short-term or long-term stands.

DuPont starts growth early in spring, recovers rapidly from grazing and blooms earlier than the other varieties. Very susceptible to wilt. It should be used only in short-term stands.

Vernal is also wilt resistant. It starts growth early in spring, recovers rapidly from grazing and blooms earlier than the other varieties. Very susceptible to wilt. It should be used only in short-term stands.

If you plan to sow some alfalfa this spring, it's time to be arranging your seed supply. A reminder—be sure to inoculate or use the new pre-inoculated seeds.

Pigs fattened at this time of year require extra care because of cold weather and confinement. Provide clean quarters as farrowing time. Also provide additional heat if possible. Farrowing crates or stalls are the best way to reduce death loss, but guard rails also help. Provide clean water and feed. The pigs will not become amemic.

Sen Born To Former Granite Cityans

Mr. and Mrs. Donald N. Rhoads of Taylor, Mich., former Granite Cityans, are announcing the arrival of their second child, a boy weighing eight pounds, two ounces, born Monday at Harper Hospital in Detroit. The infant will be named Charles William Rhoads. He has a sister, Melinda Anne.

The grandparents are Mrs. Clara N. Rhoads, 2803 Park avenue, and Mr. and Mrs. John Bucky, 2012 Park avenue. Mrs. Rhoads will be remembered as a Patricia Ann Bucky.

Vet Pension Checks Stopped For 2500

Some 2500 Illinois veterans or widows of veterans are going to find the mailman won't be ringing with their pension checks this month, William E. Keith, manager of V.A.'s Regional Office in Chicago, warned today.

Keith explained that these pension beneficiaries have failed to return income questionnaire cards showing their actual income for 1935 and estimated income for 1936. The law limits outside income of persons receiving pensions for non-service connected disabilities.

V.A. mailed the questionnaire, required by law, with full instructions at the end of December. Thirty days were allowed in Illinois to get their checks as usual. They returned their cards.

Keith said that tardy beneficiaries can recover their checks by returning their questionnaire cards at once. Checks can be expected in 10 days to two weeks.

The Bering Sea, separating Alaska from Siberia, is becoming more and more a rich producer of fish and crabs for market. This is partially a result of improvement of refrigeration methods for long hauls to markets.

Newsprint mills have found a new source of income in vanillin, which is taken from subspice liquor used in newspaper products. Vanillin is used as a flavoring and in perfume.

Somonauk Youth Wins State Oratory Contest

Douglas Grandgeorge, of Somonauk, Ill., won the 23rd annual American Legion oratory contest held in the Granite City high school auditorium.

The contest was held in the regional contest for eight "Midwestern" states in East Moline.

Participating were five young men of high school age who represent five state-wide divisions.

Grandgeorge won an \$800 scholarship and the right to try for a \$400 scholarship which is the national prize.

Arthur Post, Harris of Tri-City Legion Post 113 is fifth division American Legion chairman and since his election was host for this year's state contest. Granite City was selected as the location.

Other winners in the contest were second, Charles Zentgraf of Carbondale; third, John Schuch of Peoria; fourth, Ronald Wietecha of Franklin Park; and fifth, Miss Margaret Ann McGee of Marshall, Ill.

Each contestant gave two speeches, one a prepared 10-12 minute talk on some phase of the constitution of the United States with emphasis on duties and obligations of citizens and a short four-to-five-minute talk on a topic unknown to the participant prior to the speech. The extemporaneous speech's topic was the First Article of the constitution.

Judges were C. E. Townsend, George Moran, Joseph Loftus, Rev. Paul Surber and Miss Ruth Schmidt. First-place winner was Martin Carter and Harris.

Last year's state winner, Roger R. Mielke of Lansing, was on to take the national award. He was the second Illinois participant to win the \$400 scholarship.

The other was Granite City's Burton Bernard in 1943. National contest this year will be April 11 in Penn. N. Y.

Police Car Stuck In Mud By Auto

A Granite City police car was stuck in the mud at St. Clair avenue and Maryland road and stuck and damaged by another car that skidded on the icy roadway Tuesday morning. No injuries were listed.

The report lists Capt. Joseph Kestel, Jr., 31, of 2289 York avenue as driver of the patrol car, and W. W. Cedar Jr., 31, of 2020 National avenue, as driver of the other auto. There was damage to the right front door on the police car and to the left front fender on Cedar's auto.

Recovering From Flu

Application Is Cause Of Harold Farrell Death

A neighbor's jury ruled Tuesday night that Harold Farrell, 35, died of accidental asphyxiation due to a blocked windpipe caused by a piece of hank he was holding. It was learned from Deputy Coroner Henry Pieper.

Farrell was pronounced dead by Pieper at 5:45 a.m. last Friday in the hotel apartment of his brother, Champ Farrell. Harold had been invited to dinner by his brother and choked on the hank.

The Tri-City Dental Society, whose members have just completed a thorough examination of all school children in this community, reports the astounding fact that 95% are in need of dental attention. The report is based on the examination of 7854 grade and high school students in Granite City, Madison, Venice, Nameoki and Mitchell.

The following students of Madison high school had an average of 90% or more and no grade below 85% during March: Vinis DePriest, Marjorie McElwain, Leona Bartosik, Randall Bergfield, Norma Gentry, Mary Jane Hill, Ray Morris, Herbert Schermer, Sarah Van Tassel, Mildred Yanow, Kenneth McClatchey, Frances Bartosik, Myrtle Bequette, Mary Brunner, Jack Friedman, Eunice Hatcher, Helen Urban, Quillian Branzel, Marie Lottie Kimach, Imogene Redd, Lauretta Hollenback and Fannie Norbner.

Paving of three arterial streets with an asphalt concrete was proposed by the city council in a resolution adopted Monday night. The cost will be paid out of the city's share in the gasoline tax refund. If the project is approved by the state highway department, included in the project is Kate street, Park avenue and Spruce street.

St. Agnes Sodality of St. Mark's Church met in the church auditorium Tuesday evening for its monthly business session. Rev. C. J. Flori was in charge of the business hour and after its adjournment Misses Dorothy Musick, Anna Ponce, Dorothy Phayer and Rosemary Mehan acted as hostesses during the social time. Cards were played and a two-course luncheon was served.

State Capitol NEWS

An increase in the size of Illinois farms and a decline in the number of farms since 1939 was reported by the Illinois Cooperative Crop Reporting Service.

In its annual farm census for 1959, the Division of Agriculture Statistics said the average farm now comprises 185 acres compared with 147 in 1939. The number of farms declined 22 percent during the same period.

Soybeans have become an increasingly important crop in the state. At the time of world war I only about a thousand acres of soybeans were grown in the state. In 1938 there were 1,430,000 acres, an increase of 5,032,000 acres, an increase of 250 percent in 20 years.

Farm land use showed corn at 28 percent; soybeans, 26 percent; oats, 8 percent; hay, 8 percent; wheat, 5 percent. Other field crops, fruit, vegetables and horticultural specialties occupied only 2 percent of the farm land.

Corn accounted for 52 percent of the total value of production; soybeans, 24 percent.

Gov. William G. Stratton announced that the state will embark on a program of using one of the new compact cars as field cars in some operations. He disclosed that a study has been made in the Department of Revenue which indicates a potential saving, both in purchase and operation of automobiles.

First purchases will be made in that department. Twenty-five new compact cars will be traded for 25 compact cars for use by inspectors. The department operates approximately 200 automobiles.

Potential savings in operating cost, department-wide, the governor said, will amount to \$75,000 a biennium in the cost of gasoline and tires. There also will be savings in repair costs, he said.

It is estimated that the original purchase of 25 cars will save approximately \$7,000 and, with operating cost reductions, will save \$11,000 in the first year for the 25 automobiles.

Other departments have been asked to make surveys to show how extensively the compact cars can be used in their operations.

Entry blanks and instruction for special events at the 1960 Illinois State Fair are being distributed.

Mrs. Maurice Evans, superintendent of special events, said a \$5,000 fund has been prepared in advance of the regular State Fair premium books and a similar request.

Purpose of the early distribution is to permit school children and recreational groups opportunity to study the classifications before the end of the school year.

Special programs eligible for ribbons, trophies and cast are: Grand Parade; King and Queen contests; Baby Pageant; Pony-Ride and Piglet contests; Baton Twirling; Square Dance exhibitions; Studio Recital; Amateur Talent; Golden Age Day (for senior citizens over 60); Booth Exhibits; Children and Youth classes in Textiles, Arts, and Crafts; Culinary and Floriculture; and Learn To Do It Craft.

Requests should be directed to Mrs. Maurine Evans, Special Events Section, Illinois State Fair, Springfield.

The State Fair Sewing Contest, using cotton feed or flour sacks, has been announced. The contest is open to any woman

Area Auto Injuries Again At Record Pace

Traffic injuries again are setting a record pace in the Quad-Cities.

In 1959, the injury toll soared to a record 734, exceeding the previous mark of 686 reached in 1955.

This year, there have been 138 injuries in the first two months, exceeding all previous January-February totals. The figure was 129 in this time a year ago, and 127 in the first two months of 1957.

At the present rate, the 1960 injury statistics could top 800.

288 Accidents This Year

Traffic collisions also have increased frequently this year, reaching 288 through the end of February. This tops all other two-month marks except the 317 in January and February in 1957, which ended with a record-shattering 1637 accidents. Only in the 1957 records is

February Traffic

Year	Accidents	Injuries	Deaths
1960	288	138	6
1959	288	138	6
1958	110	29	1
1957	129	64	3
1956	114	54	2
1955	113	39	3
1954	84	25	6
1953	80	37	1

1960 proving to be a good year. With only two deaths in January and February, the new year has a record equal to or better than all but one year—1958. In that year, only one January-February traffic death was recorded, but 22 occurred in the following ten months for an aggregate of 23.

The 288-138-2 accident-injury-death totals for the two months compare with 271-123-4 last year, 235-79-1 two years ago, 317-127-4 three years ago, 264-78-3 in 1956, 215-101-2 in 1955, 160-75-9 in 1954 and 187-68-2 in 1953.

February Toll High

Except for fatalities, February 1960 proved to be the worst February on record in regard to traffic.

There were 154 collisions last month, topping the 136 tabulated in February 1957, and 68 persons hurt, topping the 63 injured in February 1957. Last year, February had only 58 mishaps and 36 injuries.

Only February 1960 fatality was Paul J. Eyr, 19, Mitchell, who was killed Feb. 5 in a two-car crash on Edwardsville road just north of the 21st street intersection.

The January traffic victim was Michael Brexon, Alton, who died Jan. 20 of burns suffered after a collision on Bypass 66 east of Route 67a Jan. 17.

Crash On Madison Ave.

Involved in an accident Tuesday afternoon at 20th street and Madison avenue were auto driver, by Robert E. Blanton, 37, of 4816 Wamock avenue, who was traveling west on 20th street, and William R. Provenance, 59, of 4510 Nameoki road, who was going east on 20th street and making a left turn. No injuries were reported.
